FEBRUARY HAS MANY HOLIDAYS.

It Has More Extraordinary Occasions Than Any Other Month Of The Year.

TODAY IS CANDLEMAS DAY.

Although the month of February is the shortest in the calendar it contains a greater number of holidays and extraordinary events than any other month in the twelve.

To begin with, February 2d is groundhog day, when the ground-hog or wood chuck is supposed to determine the drift of the weather for the next six weeks. If he emerges from his subterranean home and sees his shadow he goes back, for six weeks of winter are sure to follow; if it be cloudy, he is said to remain satisfied that the rigors of winter have passed—he generally gets in bad by doing so.

It is also "Candlemas," when candles are blessed in the churches of the Roman Catholics.

In common speech the day is called Candlemas, because on this day the candles prescribed for divine service are blessed. The candles must be made of bees-wax. This is so imperative that the church has preferred to have even its most sacred rites performed without lights, rather than to have those used that are not made of the material.

The very word "candle" (Latin *candela*) in the language of the church always signifies a candle made of bees-wax. Tallow, sperm, paraffine, patent candles, or any other than bees-wax candles, cannot be blessed, and are forbidden to be used for divine service.

It is an ancient and praiseworthy custom of Catholics to procure at least one wax candle for this day, and after it has been blessed, to take it home to use it at the bed of the dying, or during a storm, or for any other proper end, as the church wishes.

On the 12th of the month comes Lincoln's birthday, a day which is generally observed more or less throughout the country. The 12th is likewise the opening of the Mardi Gras, when New Orleans abandons itself to the elaborate revels, which have become famous everywhere.

From the pageantry and splendor of Mardi Gras the revelers turn to enter the shades of the Lenten season, and their parti-colored garb is discarded for sot cloth and ashes, Ash Wednesday following close on the heels of Mardi Gras.

On the 14th of the month, susceptible youths and tender maidens join in the worship of their patron, Saint Valentine. The shop windows are already gay with the dainty tokens, which lovers are wont to exchange upon this, their special day.

On the 17th of the month comes a holiday which is not celebrated by Americans, but which means a great deal to Celestials, who desert their lamplights on this day and devote themselves to burning joss sticks and firing salutes of fire-crackers to the shades of their great-grandfathers.

The list of holidays is brought to a

VOLUSIA BANKS STRONG INSTITUTIONS.

Latest Published Reports Show the Banks to be in a Very Prosperous Condition.

DEPOSITS * FOOT-UP \$876,252.38.

The last report of the Volusia county banks of DeLand and of the Merchants' bank of Daytona (a branch of the Volusia county bank) give a most encouraging statement of conditions as they obtain locally. Volusia's county banks reflect nothing of the stringency felt in some sections of the country.

By conservative and business-like methods of operations these twin banks have firmly entrenched themselves in public favor and are doing a gradually larger business year by year.

Their capital stock is \$50,000.00; surplus and undivided profits \$61,570.89, and deposits \$764,331.49. There is no better evidence of the strength and standing of these institutions than in the statement that their deposits, as shown by latest published statement, aggregate more than three quarters of a million dollars.

NOT YET, STIDHAM.

The necessary funds to insure the automobile tournament having been secured and other preliminary arrangements having been perfected at the end of the line F. D. Stidham, who has been in Daytona now for several weeks as Senator Morgan's representative in arranging for the greatest automobile races, started to leave yesterday for New York, but while at the station awaiting his train a wire came from Mr. Morgan asking him to defer his going 'till further notice.

Everything is doing that needs doing toward the big carnival and at this stage of the proceedings things look good for the great race meet. Papers all over the United States are giving the event advertising and all eyes are turned in this direction.

INCENDIARIES IN TITUSVILLE.

It seems from reports from the early Sunday morning fire which consumed the Titusville Lumber Company's lumber yard, together with some F. E. C. cars standing on the siding adjoining the yard, that incendiaries were responsible for the dastardly work. Report says that the hose which were kept for fire-fighting purposes had been cut in several places, rendering resistance to the spread of the flames impossible.

It was the burning of freight cars on the siding that prevented the passage of the several northbound trains and which in turn threw the southbound trains behind time.

The Modern Seven Wonders

Daytona's Incomparable Ocean Beach.

One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon it smooth, packed sand; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls fit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellicid Halifax River.
Where think you is water with more picturesquesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas's looking out upon her bosom, gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot, and snowy-winged sea birds, which sit about as if for the sport of bobbing upon her waves; watch that lubberly old white headed pelican pounce on a fat mullet, and that fish hawk straggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, their hampers and lockers bulging with refreshments both solid and liquid ready for a cruise upon her beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say what the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.
Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked live-oaks extend their giant arms across this magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with ethereal fairies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

Passing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of park, the entire city becomes a great park.

And as for pavements, pavements that look and act like granite,—where else between the eastern and western seas are so many miles in proportion to inhabitants? Till some unheard-of place reports more and better, Daytonians throw down the gauntlet to the world.

Flowers! Usually fresh and blooming the year round. In one yard roses of variegated hues predominate, another has a penchant for the poinsettia and the premises are afame; another is hidden in a jungle of tall cane.

The birds sit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes.

The Fastest Autos And The Finest Out.

Here is where world's records for speed are broken with every recurring season. Autos the biggest, the fastest and the finest are on daily parade and the big show is as free as the pure artesian water from the thousand flowing wells. It is a continuous show with constantly shifting scene. You will probably catch the spirit and when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

I just received big stock of Diamond Tires—all sizes and styles. Buy your tires here at New York prices, and get them pumped up free. Daytona Auto Transit Co. tf

Rev. Dr. Geo. E. Stockwell, late Prohibition candidate for Governor, of New York State, came over from San Mateo, where he and Mrs. Stockwell are spending the winter, for a brief visit with friends in this city, while enroute to New Smyrna and other points.

And as for pavements, pavements that look and act like granite,—where else between the eastern and western seas are so many miles in proportion to inhabitants? Till some unheard-of place reports more and better, Daytonians throw down the gauntlet to the world.

He watched the work for nearly three hours. The old geologist, thin and little and white whiskered, had a hard time of it to guide that rock almost as big as himself. But he persevered. He got the rock down where he wanted it just as the dinner bell rang.

The younger man said to him wonderingly at dinner:

"What were you doing with that rock this afternoon, professor?"

"Why," the professor answered, "the fact is the thing was 600 feet off to suit my theory."

Willing to End the Company.

A Chicago man who once permitted himself to be persuaded to back a theatrical company was seated in his office one day when he received a telegram from the manager of the show. The troupe was somewhere in Missouri, and the telegram read thus:

"Train wrecked this morning and all scenery and baggage destroyed. No member of company injured. What shall I do?"

The answer sent back by the Chicago man was as follows:

"Try another wreck and have the company ride in the baggage car."—Chicago Record-Herald.

These birds sit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes.

Flowers! Usually fresh and blooming the year round. In one yard roses of variegated hues predominate, another has a penchant for the poinsettia and the premises are afame; another is hidden in a jungle of tall cane.

MRS. PERKINS
PASSES AWAY.

Mrs. Emily A. Perkins, wife of Rev. Dr. George E. Perkins, died suddenly from a paralytic attack last night at their home on South Ridgewood avenue. Mrs. Perkins had been in poor health for several years, but recently seemed somewhat improved. Monday night, however, she was smitten with paralysis at about 8 o'clock and died at 11:30 p.m.

Dr. and Mrs. Perkins have been coming to Florida for several seasons from Moline, Ill., spending the first winter at DeLand, and the past two or three in Daytona, occupying this winter one of the Brown cottages on South Ridgewood avenue. They have many friends here and their daughter, Mrs. Emily who accompanied them to Daytona last winter, and again won over this season, is widely known through her musical talents.

Besides her husband and daughter with her, Mrs. Perkins leaves four daughters and a son to mourn her demise. Mrs. Willard Kimball of Lincoln Neb., Mrs. C. St. Clair of Macthestown, Iowa; Mrs. C. H. Alsworth, of Moline, Ill.; Mrs. H. H. Kennedy, of Chicago, and S. A. Perkins, publisher of the Perkins Press, of Tacoma, Wash.

Arrangements have not been completed at this time in time for the funeral.

NINE MULES
ARE DEAD.

Nine mules, the property of W. C. Canons, of DeLand, died Sunday night at the Halfway Station between Daytona and DeLand. The mules were the work stock which Mr. Canons used in his road building on the Daytona-DeLand road. It was at first thought they were victims of the sharp cold blast of that night, but Mr. Canons found a floating fragment of drug store paper near by and evidence of poison and so working upon that theory.

War Cloud Lifting.

By United Press.

CONSTANTINOPLE, Feb. 1.—The last Turkish war cloud was raised today, when the Porte announced that it had accepted Russia's offer to cancel \$25,000,000 of Turkey's long-standing war indemnity to Russia in lieu of payment of indemnity by Bulgaria to Turkey for the loss of the Eastern European Railway. Bulgaria will now pay Russia the \$16,400,000 indemnity that she offered to pay Turkey. Russia is generally believed that she made the sacrifice to escape being involved in Balkan war.

Making it Last.

A young man was lately leaving his aunt's house after a visit when, finding it was beginning to rain, he caught up an umbrella that was slung across a corner and was proceeding to open it when the old lady, who for the first time observed his movements, sprang toward him, exclaiming "No, no, that you never shall! I've had that umbrella twenty-three years, and it has never been wet yet, and I am sure it shan't be wetted now!"—London Express.

No one deserves to be praised for goodness unless he has strength to be bad. All other goodness is most often only soft or weakness of will.—La Rochefoucauld.
